

This is to inform you that before attending ACLS/BLS course scheduled on 25-27 october 2018, you have to get yourself registered online with American Heart Association.

Following are the steps for the same:-

STEP 1:

Visit the website www.cprverify.org. Following screen will appear and you have to sign up as a new user.

The screenshot shows the web browser address bar with the URL https://www.cprverify.org/users/sign_in. The page header includes the American Heart Association logo with the tagline "It's a why" and the CPRVerify logo. A language dropdown menu is set to "English". A blue button labeled "VERIFICATION CODE LOGIN?" is visible in the top right.

Welcome to CPRVerify

The American Heart Association is dedicated to saving more lives through research, training, and education. CPRVerify is our new web-based program designed specifically to support our dedicated training network.

This online tool enables students, instructors, and training centers to quickly verify training completed by an authorized AHA instructor. Verification of training is quick, easy and can be done any day, anytime, 24 hours a day. CPRVerify also makes it easier for our training centers to monitor and track all of their training.

This program is only available to authorized American Heart Association Training Centers, instructors, and students who are located outside of the United States. Working together to make a difference and save more lives.

FINAL STEP:- Once you sign up, for e.g. if your name is Rupinder Kaur, following screen will appear:

The screenshot shows the CPRVerify website interface. At the top, the browser address bar displays <https://www.cprverify.org>. The page header includes the American Heart Association logo and the CPRVerify logo. A navigation menu contains links for Home, Information, Add Course, My Preferences, My Courses and Feedback, Verification Code Lookup, and Find Training Center. The user is logged in as RUPINDER KAUR. A message states: "Your account was successfully confirmed. You are now signed in." Below this, a yellow box contains two prominent buttons: ">> Verification Code Lookup" and ">> Add Course". The main content area welcomes the user and lists several actions they can perform:

- Change your preferences
- See which courses you have taken
- Provide course feedback (required to print a certificate)
- Look up other Training Centers in your area
- Search for a specific verification code number

The footer contains several sections: "About Us" (including links for About the AHA/ASA, 2010-2012 Annual Report, AHA Financial Information, Careers, BLSCP, Latest News/Alert/Stroke News, AHA/ASA Media Newsroom, and Global Programs); "Our Courses" (including Go Red For Women, Go Red For The Cause!, Healthy Heart, EmPOWERED to Survive, The Warning Signs, Online Communities, Heart and Stroke Encyclopedia, and Volunteer); "Our Sites" (including American Heart Association, American Stroke Association, My Life Check, Professional Heart Daily, Scientific Sessions, Stroke Conference, You're The Care, Global Programs, and eBooks); and "Contact Us" (including Customer Service at CPREnc@heart.org and Data Inquiry Address at American Heart Association, 1101 - International, 7272 Greenville Avenue, Dallas, Texas 75231-4556). The SCIENT logo is also present in the footer.

This completes your registration process. Then after the completion of the course, we will provide you the verification code, which you can fill after clicking on the “ Add Course” icon on the right side of the screen and your ecard for ACLS/BLS can be downloaded.

Also please read your ACLS and BLS manuals thoroughly before coming for the course.
