Plan Of Thesis For Approval**

| Sr. no | Name of the Candidate | Specialty | Topic of Thesis |
|--------|-----------------------|-----------|-----------------|
|--------|-----------------------|-----------|-----------------|

| Sr No. | Name of the student | Speciality                                      | Topic of the Thesis  |
|--------|---------------------|---|--|
| 1.     | Dr.Gurbant Singh    | MDS (Conservative Dentistry & Endodontics)      | A Comparative clinical study to evaluate the effect of premedication with ibuprofen, Tramadol and combination of ibuprofen and acetaminophen, on success of inferior alveolar nerve block in patients with asymptomatic irreversible pulpitis. |
| 2.     | Dr. Ruma Grover     | MDS (Conservative Dentistry & Endodontics)      | A comparative clinical study to evaluate the healing of large periapical lesion using platelet rich fibrin (PRF) and hydroxyapatite.   |
| 3.     | Dr. Navkesh Singh   | MDS (Conservative Dentistry & Endodontics)      | An in Vitro study to compare the force required to fracture, Root after ultrasonic removal of rotary nickel titanium endodontic instruments  |
| 4.     | Dr. Isha Aggarwal   | MDS (Orthodontics and Dentofacial Orthopaedics) | To evaluate the favourable insertion sites of orthodontics mini- implant in the maxilla and mandible- a CBCT study   |
| 5.     | Dr. Himanshu Mittal | MDS (Orthodontics and Dentofacial Orthopaedics) | Comparing amount of root shortening in patients treated with two- step and en masse space closure procedure.   |
| 6      | Dr. Sumit Chopra    | MDS (Prosthodontics and crown & Bridge )        | Comparison of dimensional accuracy of one step and two step impression technique using three different addition silicone impression materials an in – vitro study  |
| 7      | Dr. Sakshi Gupta    | MDS (Prosthodontics and crown & Bridge          | A cephalometric study to determine validity of camper's plane in population of Punjab an in vivo study.  |
| 8      | Dr. Puneet Dang     | MDS (Pedodontics)                               | A comparison of impact strength of reattached incisor tooth fragments using different restorative materials; An in vitro study.  |

|    |                     |  |   |
|----|---------------------|--|---|
| 9  | Dr. Samisha Narang  | MDS (Pedodontia)                             | Oral health status and treatment needs among 6, 9 and 12- year old rural and urban school children in Ferozepur, Punjab.  |
| 10 | Dr. Isha Dhawan     | MDS (Oral and maxillofacial Pathology)       | Comparison of Immunohistochemical using Pan-CK and Serial sectioning in lymph node metastasis in Oral squamous cell carcinoma, particularly, micrometastasis and isolated tumor cells.                          |
| 11 | Dr. Priyanka Sharma | MDS (Oral Pathology & <b>Microbiology</b> .) | Estimation of Cortisol Levels in patients with potentially malignant disorders and oral squamous cell carcinoma.  |
| 12 | Dr. Rupali Mahajan  | MDS (Periodontology)                         | Comparison of efficacy of combination of coronally advanced flap with amnion membrane and combination of coronally advanced flap with collagen membrane in the treatment of gingival recession.                 |
| 13 | Dr. Mandeep Singh   | MDS (Periodontology)                         | Comparison of the efficacy of iontophoretic application of 2% sodium fluoride, 5% potassium nitrate and topical application of an aqueous solution of glutaraldehyde hydroxyethyl of dentinal hypersensitivity. |
| 14 | Dr. Jyotika         | MDS (Periodontology)                         | A study of determine the role of non- surgical periodontal therapy on the lipid profile of patients with chronic periodontitis.   |
