

National Dental College & Hospital , Dera Bassi

Sr. no	Name of the candidates	Speciality	Topic of thesis
1.	Dr. Arshdeep Singh Kohli	MDS (Oral & Maxillofacial Surgery)	Efficacy of simvastatin Versus Demineralized bone matrix in bone regeneration after surgical removal of impacted mandibular third Molars- A comparative study.
2.	Dr. Damandeep kaur Mander	MDS (Oral & Maxillofacial Surgery)	Evaluation the efficacy of Diode Laser for the Management of White Lesions of the Oral Cavity.
3.	Dr. Akanksha	MDS (Pedodontics and Preventive Dentistry)	Clinical evaluation of Zirconia , nano – Composite Venfered open faced stainless steel and strip crowns for rehabilitation of Primary anterior teeth – A Comparative study”.
4.	Dr. Ramandeep Kaur	MDS (Pedodontics and Preventive Dentistry)	“Antimicrobial efficacy of Diode laser mtad and sodium hypochlorite as root canal Disinfectants in Primary teeth : A Microbiological Study”.
5.	Dr. Vishu Midha	MDS (Pedodontics and Preventive Dentistry)	Vibratory device electronic Dental anaesthesia and Distraction Aids to alleviate pain and anxiety During Local anaesthetia administration – A Comparative study “
6.	Dr. Jatinderpal Singh	MDS (Conservative Dentistry & Endodontics)	Volumetric analysis of hand and rotary root Canal instrumentation using different Obturation techniques: an in vitro Spiral Ct Study” .
7.	Dr. Kiran Bala	MDS (Conservative Dentistry & Endodontics)	Efficacy of nanohydroxy apatite cpp-acpf grape seed extract in remineralization of enamel under artificial cariogenic challenge: An in vitro study”.
8.	Dr. Shubhpreet Kaur	MDS (Conservative Dentistry & Endodontics)	The comparative evaluation of Degree of Conversion and post cure depth of Bulk fill Composites with incremental fill composites : an in vitro study .
9.	Dr. Vasu Midha	MDS (Conservative Dentistry & Endodontics)	Efficacy of Photodynamic therapy turmeric extract and sodium hypochlorite on enterococcus faecalis biofilm in primary endodontic infections – an in vitro study “
10.	Dr. Hemant Bassi	MDS (Periodontology)	Correlation of glucose level from gingival crevicular blood and finger capillary blood in diabetic and non diabetic patients with gingivitis .
11.	Dr. Mandeep Singh Kocher	MDS (Periodontology)	Gingival crevicular fluid levels of triggering receptor expressed on myeloid cells (trem)-1 in gingivitis and chronic periodontitis before and after phase-1 therapy-A case control study .
12.	Dr. Nitu Bansal	MDS (Periodontology)	Association between ABO blood group phenotypes and rhesus (Rh) factor with periodontal disease : Prevalence in Dera Bassi , Punjab. India .
13.	Dr. Vivek Bhalla	MDS (Periodontology)	Evaluation of Oral Hygiene status and periodontal health of intellectually disabled subjects.
