Sr .no	Name of Candidate	Specialty	Topic of Thesis
1.	Dr. Gourav Ahuja	MDS (Oral & Maxillofacial Surgery)	Evaluation of effect of platelet rich plasma and hydroxyapatite on healing of intraosseous defects – A comparative study.
2.	Dr. Saurabh Jolly	MDS (Oral & Maxillofacial Surgery)	Two points versus three points fixation in Zygomatico Maxillary Complex Fracture – A clinical study.
3.	Dr. Deepinder Singh	MDS (Oral & Maxillofacial Surgery)	High density porous polyethylene implants in facial deformity.
4.	Dr. Shalini Sinha	MDS (Conservative Dentistry and Endodontics)	A comparative evaluation of sealing ability of iRoot SP and MTA as root canal sealers :- An in –vivo and ex- vivo study.
5.	Dr. Mandeep Kaur	MDS (Conservative Dentistry and Endodontics)	Clinical evaluation and microleakage of a low-shrinkage silorane –based restorative material in class II cavities.
6.	Dr. Priyanka Gupta	MDS (Periodontology)	A comparative evaluation of envelope type of coronally advanced flap with and without type I collagen membrane (NEOMEM™) in the treatment of Millers' Class I or II Buccal recession defects – A clinical study.
7.	Dr. Monika Kamboj	MDS (Periodontology)	Comparative evaluation of the efficacy of synthetic microcrystalline hydroxyapatite bone graft (Osteogen®) and synthetic nanocrystalline hydroxyapatite bone graft (Ostim®) in the treatment of human periodontal intrabony defects – A clinical and denta Scan study.
8.	Dr. Suman Rani	MDS (Pedodontics and Preventive Dentistry)	Comparative evaluation of pulp regeneration and root end formation potential of non- vital young permanent single rooted teeth using triple antibiotic paste with MTA and Calcium Hydroxide – An in –Vivo study.
9.	Dr. Genievieve D. Shangdiar	MDS (Pedodontics & Preventive Dentistry)	Efficacy of a comprehensive dental education programme regarding management of avulsed permanent teeth as a valid indicator of increased success rate of treatment of avulsion.
10.	Dr. Sunny Panthi	MDS (Prosthodontics and Crown & Bridge Work)	Effect of different surface treatment on the retention of custom made cast metal posts and pre-fabricated glass fibre posts – An in –vitro study.
11.	Dr. Anjali	MDS (Prosthodontics and Crown & Bridge Work)	Evaluation of the effect of addition of aluminium oxide on thermal diffusivity and flexural strength of heat polymerized acrylic resin.
